

Minimum 70 Specification

Construction	1/10" loop tip sheared
Manufacturing Process	Tufted
Pile Material	100% Econyl 70 Aquafil SDN
Primary Backing	Synthetic, Colback SMR
Secondary Backing	Modified Bitumen 10% recycled content
Total Weight	Ca. 4,550 g / sq m
Pile Weight	Ca. 850 g / sq m
Pile above Backing	Ca. 470 g / sq m
Total Thickness	Ca. 7.80 mm
Pile Height	Ca. 4.20 mm
Pile Density	Ca. 0.112 g / cubic cm
Fire Resistance	B fl - s 1
Light Fastness	≥ 7
Rubbing Fastness	≥ 4
Colour Fastness	≥ 4
Thermal Resistance	0.055 gm K/W
Impact Noise Rating	24 dB
Sound Absorption at 1000 Hz	S: 0.2
Permanent Antistatic	≤ 2 kV
Transverse Resistance	≤ 10 to power 9 Ohm
Format	50 x 50 cm - 20 tiles / box
Wear Resistance - EN 1307	33 - LC2
Tuft Density	Ca. 145,000 / sq m
